I.T. 旅程並非一條直線

An abstract graphic on a dark teal background. It features a central horizontal line with several white dots of varying sizes. From these dots, thin, light-colored lines branch out and curve upwards and downwards, creating a complex, organic pattern that resembles a network or a stylized landscape. The overall effect is one of movement and interconnectedness.

顛覆

The image features the Chinese characters '顛覆' (Dianfu), meaning 'upside down' or 'overturn', rendered in a bold, blue, sans-serif font with a white outline. The characters are centered on a dark blue background. Surrounding the text are several wavy, horizontal lines in red and blue, creating a sense of motion or digital interference. The overall aesthetic is modern and tech-oriented.
